Beskrivning

EN

Highfield UL 220 aluminium hull RIB - max engine 5hp. The smallest out of the Highfield UL ranges with solid hull - small but mighty! For those who may have chosen a soft bottom tender in the past, the UL220 offers a huge step up in performance without compromising on space saving. Ultralite tenders are roomy and strong, yet light and easy to transport. These little boats can be launched and recovered by a single man and are easy to be transported on a roof rack. You will be impressed by their obvious quality level. The excellence of the finish only compares to the detail of the ergonomics. The simple layout is combined with an uncluttered design and numerous standard accessories complete the picture. Design category C. NB - library photos may not reflect specification of boat.

Machinery: No engine supplied. Morgan Marine have new and used outboard engines in stock. Recommended engine - 4hp. Maximum engine - 5hp.

Trailer: Morgan Marine can supply a suitable trailer or launching trolley - at extra cost. Please call 01206 302008 for options and prices.
