Description

EN

The Nimbus 405 Coupe is a spacious and elegant cruiser, offering premium Scandinavian design and long-range capability. Save over £35,000 on this model fitted with twin Volvo Penta D6-380 shaft drive engines (760hp total) delivering reliable, quiet performance. Known for its outstanding build quality and comfort, this model is ideal for extended cruising in UK and European waters - plus a saving of over £35,000 on the RRP. This 2025 model Nimbus 405 Coupe is on order with the factory but changes can still be made to the specification. Note - library photos may not reflect specification of boat.

Cabin: Inside, the boat features warm mahogany panelling and grey upholstery for a timeless, welcoming feel. The front cabin boasts an exclusive coil mattress and extra topper for a luxurious night's sleep, with additional mattress toppers in the port and starboard guest cabins for enhanced comfort. The saloon includes a convertible bed arrangement, and the cabin is illuminated by LED lighting throughout. The Nimbus exclusive dinner set (for 6) adds a premium touch to onboard dining.

Cockpit: At the helm, the upgraded twin Simrad NSS 12" EVO 3S plotters offer detailed, reliable navigation. The station is further enhanced by a full Simrad autopilot system (including NAC2, OP12 control, rudder feedback, and hydraulic pump), making longer journeys effortless. Visibility is aided by interval wipers. The boat is also fitted with a Volvo Penta trip computer and depth/log instrumentation for essential performance feedback.

Electronics: A Chargemaster 12/50A shore power system provides consistent onboard power. LED lighting is installed throughout, and the Nimbus Connect system allows smart integration and remote monitoring. A high-performance Fusion Audio MS-RA70N system includes Bluetooth connectivity, cabin and aft deck speakers, and USB/AUX inputs. Communications and safety are supported by the Simrad RS40 VHF with AIS receiver and HS40 wireless handset.

Machinery: The Nimbus 405 Coupe is powered by twin Volvo Penta D6-380 engines (shaft drive), offering a total of 760hp for smooth, capable cruising. Manoeuvrability is excellent thanks to both bow and stern Quick BTQ185-105 thrusters, controllable via a remote for added convenience. Anchoring is handled by a Quick DP2P-1000 bow windlass with wired remote, fitted with a 21kg anchor and 40m of 8mm chain. The Humphree Interceptor X-600 comfort package provides automatic trim and list correction for enhanced handling. Heating and hot water are supplied via an Eberspächer D6 heater/defroster and an Isotemp SPA 40L system, ensuring year-round cruising comfort. The boat also includes black water overboard discharge for extended stays.
